MARKET EXECUTION

While you have one offer, with an Elite league background and strong self-assessment, you should aim for more offers from a wider range of top D1/D2 programs. There might be an opportunity to refine your outreach strategy or follow-up to convert more responses into offers.

 **WARNING**
EXPERIENCE

Although you play at a top youth level (MLS NEXT), your 'Youth_Club_Only' experience means you lack exposure to adult-level or international competitive play, which some D1 coaches look for to assess player maturity and readiness for college physicality.
